PUBLIC ADVERTISEMENTS

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE, OLD PUBLIC OFFICES, BANGALORE.

Press Note.

The first meeting of the Inter-Departmental Committee on Planning for Mysore State was held in the chambers of the Honourable the Chief Minister this morning. The Honourable Sri K. C. Reddy, Chairman, presided. All the Honourable Ministers were present.

The Honourable the Chief Minister opened the proceedings with a few observations relating to the constitution of the Planning Commission at the Centre and the circumstances leading to the setting up of the Inter-Departmental Committee for Mysore State. He further stated that the Government of Mysore had been extending its fullest Co-operation to the Planning Commission by furnishing available notes and memoranda on various important subjects relating to the economic development of the country. He also referred to the question of the reorganisation of the Economic Conference which was separately under the consideration of Government and suggested the need for taking an immediate decision having regard to the changing needs of planning and development, as envisaged by the Central Planning Commission. Then the subjects on the agenda were taken up for discussion.

The Commissioner of Economic Development and Planning presented a review of the work done ever since the Planning Commission was set up at the Centre and the part played by Mysore in assisting the Planning Commission to carry out the duties assigned to it. The important subjects discussed related to the consideration of the immediate programme drawn up by the Planning Sub-Committee of the All-India Congress, which was later considered at the meeting of the Chief Ministers in Delhi in May 1950. Another important subject was the manner in which public co-operation was to be enlisted on nation-wide scale in the work of planning and development. In this connection, a Note prepared by Sri Gulzari Lal Nanda, Deputy Chairman of the Commission, was considered and it was decided generally that the scheme may be given effect to after examining all its aspects. Another subject discussed was the review of the development schemes of the State which had been furnished to the Planning Commission and on which financial assistance in the shape of grants and loans had been asked for. The committee went into a detailed examination of these proposals and it was resolved that the matter be pursued vigorously at various levels with a view to our securing maximum support from the Centre.

CLANDESTINE MANUFACTURE OF FIREWORKS.

Instances have come to the notice of the Department of Mines and Explosives in Mysore, where licensees manufacturing explosives, instead of doing so in the places indicated on their licenses, clandestinely manufacture them in their own dwelling houses or sale premises within closed doors during night time. As such places are generally situated on public roads in congested localities and since such a practice is liable to endanger public safety, persons in the know are requested to guard themselves against eventualities by promptly reporting the names of such licensees to the Local Police Authorities. The object of bringing this to the notice of the general public is in view of the approaching Deepavali Festival when the licensees are likely to transgress the conditions of their licenses owing to the demand for firework articles during the season.

Many accidents, caused during the illicit manufacture and handling of a variety of fireworks commonly known as "Patas" or "Bellulli Patas" throwdowns or small bombs —consisting of a mixture of potassium chlorate and arsenic or antimony sulphide or sulphur—have come to notice. These accidents have resulted in serious, and sometimes fatal injuries to the persons manufacturing or handling the mixture, besides doing damage to property. The mixture constitutes a highly dangerous explosive to friction, force (blows) and even liable to ignite spontaneously. As this firework composition is mostly used during Deepavali and Shaban Festivals, the Department has also issued timely warnings by a notification in the Official Gazette, to all persons concerned not to manufacture, possess or sell this dangerous explosive.

Any persons manufacturing, possessing or importing such a mixture will be rendering themselves liable for punishment under the Law.

In their order of severity, outbreaks of Rinderpest, Black-quarter, Anthrax, Hæmorrhagic-septicæmia, Foot and Mouth, Contagious-goat-pleuro-pneumonia, Rabies, Ranikhet and Sheep-pox were encountered in the State during August 1950. Altogether 258 villages were reported to have been affected by one or the other of the several contagious and infectious diseases, as against 335 villages during the previous month. The number of outbreaks was highest in Bangalore, Kolar and Mysore Districts, while Chickmagalur, Hassan and Shimoga were least affected. Local Indent No. 10778.

Your quotation dated 15th June 1950, for the supply of Tarpaulins required during the year 1950-51, received in response to our Enquiry No. 10022.

Gentlemen,

No. S.P.C. 31240. I write to request you to enter order for Tarpaulins described in the undermentioned schedule at the prices noted therein and arrange to make supplies on the indents from the Departmental Officers and also such others as may require the material in such numbers as may be required by them from time to time, all indents being complied with within a fortnight from the date of receipt.

The contract will be deemed to be limited to the number of Tarpaulins to be actually drawn by the Departments.

This contract will be in force up to end of March 1951 and the material will have to be supplied throughout the period at the price accepted herein and no enhancement of the said price for whatsover reasons can be granted.

Please note that the Tarpaulins to be supplied should be exact to the sizes required by the Departments and should strictly conform to the samples submitted by you and accepted by us in quality as well as texture and should also be supplied with eyelets and lashings, failing which they will be rejected. The Tarpaulins should have markings ,if so required by the Department. All rejected supplies should be replaced by correct materials within a fortnight from the date of rejection. Failure to make supplies in time and in accordance with the approved quality ordered will entail cancellation of the contract and purchases being made from other sources, debiting the extra cost, if any, incurred by Government to you. In such an event, the Stores Purchase Committee reserve also the right to levy a penalty of 3 percent of the value of the order as and by way of liquidated damages, in respect of which the default is made.

If on grounds of urgency or for any other reasons materials not according to the approved quality are accepted, you should be prepared to accept in respect of such supplies such price as may be determined by the Stores Purchase Committee to be reasonable, within the limits of the accepted prices.

As in the case of the indents of the Railway Department, Railway Material Certificates will be issued along with the indents, credits should be given to the Department in the bills for such supplies to the extent of the benefits to be derived by the grant of the said certificates, *viz.*, the difference between the public tariff and railway material certificate rates.

You should now arrange to enter into an agreement with the undersigned and deposit an amount of Rs. 100 as security for the due fulfilment of the contract within two weeks from the date of receipt of this order, failing which, the order will be cancelled.

As supplies are made, the bills of cost should be sent in triplicate, duly signed and receipted, to the indenting Officers for arranging payment.

The above indent number should be noted in all correspondence relating to this order.

Please acknowledge receipt of this communication.

MISCELLANEOUS DEPARTMENT.

OFFICE OF THE COMPILER, *MYSORE GAZETTE.*

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matters intended for publication in Parts I, II, III, IV, V and VI should therefore reach this office not later than *Monday Evening*, and that for Part II not later than *Tuesday Evening* for the following Thursday's issue of the Gazette. All matters received later than these days will be kept by for insertion in the following issue of the Gazette. (G. O. No. P. 988-1040—P. & S. 12-30-2, dated 26th July 1930.)

2. (i) Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its re-setting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect stating the number of copies should be made at foot of such manuscript.

(ii) Indents for less than 100 spare copies should not be sent to the Press, subject to the exceptions contained in G. O. No. G. 14330-95—P. & S. 5-19-9, dated 23rd December 1919. in regard to notices calling for tenders for the purchase of stores or for the execution of works. When a few copies only are required, they may be made available by the use of carbon sheets simultaneously with the preparation of a copy for the Gazette, as laid down in the above Government Order. (Letter No. G. 10382—P. & S. 9-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.)

(iii) When indents for an unusually large number of spare copies are sent, such instances will be brought to the notice of Government, as per letter No. G. 10382—P. & S. 99-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.

3. Matter sent for insertion in the Gazette will be published *only once* and the abstract in two issues. (G. O. No. G. 2915-6—P. &. S. 44-25-2, dated 13th September 1926).

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. As per G. O. No. E. 1892-1902—P. & S. 12-23-13, dated 8th December 1923, and G. O. No. 5139-95—P. & S. 52-30-1, dated 12th November 1930, the English or the Kanarese portion of the *Mysore Gazette*, consisting only of the five Parts, *viz.*, I, II, III Section 1, III Section 3, IV and V taken together or an entire copy of the English or Kanarese Gazette containing all the parts will be supplied only to Patels, Nad-Patels, Shanbhogs and Sheikdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time or that he is on leave for a period not exceeding three years. Such subscribers will please note that the Gazette cannot be had *in separate parts* at concession rates under any other conditions and that they have to pay the full subscription for the part or parts required.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such money should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent

8. Communications on post cards or on paper less than quarter sheet of foolscap will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

Inspection by the Hon'ble Home Minister of certain Sericultural areas.

The Hon'ble Home Minister toured the Sericultural areas of the State during the second week of September 1950. He inspected Government and aided grainages and met representatives of sericulturists and had discussions with them on the subject of improvement of the Sericulture Industry.

At Bidadi, he stressed the need for starting a Basic Seed Cocoon Farm with an area of 10 acres and instructed the Sericultural Inspector to raise a mulberry tope in the premises of the Bidadi grainage. The Sericulturists of Krishnapuradadoddi and Ganal were advised to form Co-operative Societies through which they could obtain their requirements.

The aided grainages at Chickamuduvadi and Kankanhalli were also inspected by the Hon'ble Home Minister.

At Thyamagondlu, it was explained to him how sericulture in that area was revived by the extension of the mulberry area so that these areas may serve as buffer farms in times of difficulty.

The Hon'ble Minister also inspected the Government Silk Filatures, Kankanhalli, and met representatives of the Labour Association and the Staff who made certain representations to him.

CELEBRATION OF CHILDREN'S DAY.

The Indian National Committee of United Nations' Appeal for Children, in consultation with the Government of India, has decided to hold a Children's Day annually throughout India.

Among the various beneficent activities undertaken by the United Nations' Organisation is the one relating to the promotion of the health and well-being of children. The work proposed to be undertaken in this behalf covers a wide range of subjects, such as, physical care and attention of children, giving succour to those who, early in life, are bereft of parental protection, re-claiming the delinquent section among children and above all, arresting the incidence of infantile mortality which, particularly in India, is assuming serious proportions. This year, the Children's Day is being celebrated all over India on *Thursday, the 5th October* 1950 and appeals have been issued for funds for an all-round relief for children, the urgent needs of each region not being neglected. In pursuance of this appeal, Mysore is celebrating the 'Children's Day' on the same day.

With a view to work out the procedure for the appeal and the method of collection, Government have been pleased to appoint the Director of Public Instruction as Chief Organiser of the Committee with certain Heads of Departments and influential non-officials. It is sincerely hoped that all sections of the people in Mysore will associate themselves with this laudable scheme in a generous measure and contribute liberally towards the "United Nations Children's Relief Fund.'

Paper Flags will be sold on that day throughout the State at a minimum cost of annas two each, leaving it to the option of the buyers to pay more. The Schools and Colleges will be closed for the day in honour of the celebration. Students, teachers, social workers and other volunteers will go round selling flowers in all places of public resort, thus contributing to the success of the 'Children's Day' in order to achieve the laudable objects of the Indian National Committee. All or a certain percentage of the receipts for that day from the Cinemas may be donated and Government will exempt that day's show or transactions from the operation of the Entertainment Tax, in cases where the exhibitor has agreed to donate as above. Proprietors of coffee houses, restaurants and shops are also requested to donate a percentage of receipts for that day for this laudable object.

The contract will be deemed to be limited to the number of Tarpaulins to be actually drawn by the Departments.

This contract will be in force up to end of March 1951 and the material will have to be supplied throughout the period at the price accepted herein and no enhancement of the said price for whatsover reasons can be granted.

Please note that the Tarpaulins to be supplied should be exact to the sizes required by the Departments and should strictly conform to the samples submitted by you and accepted by us in quality as well as texture and should also be supplied with eyelets and lashings, failing which they will be rejected. The Tarpaulins should have markings ,if so required by the Department. All rejected supplies should be replaced by correct materials within a fortnight from the date of rejection. If on grounds of urgency or for any other reasons materials not according to the approved quality are accepted, you should be prepared to accept in respect of such supplies such price as may be determined by the Stores Purchase Committee to be reasonable, within the limits of the accepted prices.

As in the case of the indents of the Railway Department, Railway Material Certificates will be issued along with the indents, credits should be given to the Department in the bills for such supplies to the extent of the benefits to be derived by the grant of the said certificates, *viz.*, the difference between the public tariff and railway material certificate rates.

You should now arrange to enter into an agreement with the undersigned and deposit an amount of Rs. 100 as security for the due fulfilment of the contract within two weeks from the date of receipt of this order, failing which, the order will be cancelled.

GOVERNMENT OF INDIA.

Press Note.

PROMOTION OF INDO-NORWEGIAN TRADE—TRADE LETTERS EXCHANGED.

With a view to promoting trade between India and Norway, letters were exchanged this morning, August, 29, 1950, at New Delhi between Mr. C. C. Desai, Secretary to the Government of India, Ministry of Commerce and Mr. Jens Schive, Norwegian Minister in India.

Under the letters now exchanged, both the Governments will endeavour, in accordance with the understanding reached between them, to expand the trade between the two countries and items which are in short supply in one country will be licensed for export from the other subject to certain conditions. Applications for export licenses to ther country will ordinarily be treated by the two overnments in the same way as those made for any other country of the soft currency group in accordance with he licensing procedure in force from time to time.

The Government of Norway have extended to India concessions granted to member nations of the O.E.E.C. (Organisation for European Economic Co-operation). The oncessions cover two types of lists, *viz.*, the "free list" nd the "global list". The "free list" will be in force until further notice, whereas the "global list" has been cancelled by the Government of Norway on March 16, 1950, with a grace period of six months from January 1, 1950 for goods already licensed under the "global list".

NO TERRITORIAL DISCRIMINATION.

Representatives of the two Governments have agreed that within the currency groups, there would be no territorial liscrimination and accordingly applications for licenses for import of goods from one country into the other would ordinarily be treated equally favourably by the two Governments as compared to any other country of the soft currency group in accordance with the licensing procedure n force from time to time.

A Meeting of the Executive Committee Members of the Hindustan Aircraft, Limited, Employees' Association and the Management represented by the General Manager and

the Personnel Manager of the Hindustan Aircraft, Limited Factory was held in the Chambers of the Hon'ble, Minister for Law and Labour, Old Public Offices, Bangalore, in the presence of the Labour Minister, the Labour Secretary and the Headquarters Assistant to the Labour Commissioner.

The employees' representatives suggested that the employees should be made to feel that they would not be victimised in any manner if they got back to work and that the employees should be given their badges and punch cards so that no employee may be under the apprehension that he will be kept back.

It was also suggested that after they got back to work and normal conditions prevailed, the persons detained in this connection may be released and the prohibitory orders withdrawn.

The General Manager, Hindustan Aircraft, Limited, felt that there can be no objection to the release of the persons and the withdrawal of the prohibitory orders after the empolyees got back to work and normal conditions prevailed.

Regarding the question of the workers being admitted to work and the assurance that there will be no victimisation, he was free to state the all the employees will be admitted to go back to work on their presenting themselves therefor, and that the badges and punch cards will be supplied to them as usual. But regarding the question of victimisation, he has already made it clear that there is no question of victimisation at all and that all that he contemplates is taking disciplinary action against about a dozen people who have openly flouted the authority of the Management and have otherwise misbehaved: After prolonged discussion, it was agreed that there could be no objection to the General Manager issuing notices to these dozen people to explain their conduct and that it would be desirable that the final decision on the matter should vest in a Committee consisting of a representative of the Management, a representative of the Employees' Association and a representative of the Government. It was also agreed that this Committee may be composed of the General Manager, an elected representative of the employees and the Labour Commissioner in Mysore.

Subject.—No issue of rations to visitors to Mysore during the Dasara.

In view of the critical food position in the State this year and the difficulties experienced in meeting even the normal requirements of rationing, it would be impossible for the Food Department to issue any foodgrains or sugar to Visitors to Dasara Exhibition opening at Mysore from the 12th October 1950. Intending visitors to Mysore during the Dasara are therefore cautioned that no rations will be issued to them but that they should provide themselves with their own rations so as to save themselves the inconvenience to which they may be put for want of rations.

Press Note.

In order to reduce the pressure on cereals, a number of persons all over India have voluntarily agreed to draw their quota of cereal rations for six days in the week only. It is earnestly hoped that similar offers will be made by persons in this State also, which Government would greatly appreciate in the present acute food position. In order that the savings accruing out of this offer is fully availed of by the Government, the following procedure would be followed in the State :—

Persons desiring to draw their rationed foodgrains only for six days in the week are requested to present their ration cards to the respective Food Inspectors of the Division in the statutorily rationed areas and to the Amildars of the concerned Taluk or to any Officer authorised by the Amildar in this behalf in non-rationed areas, with an application signed by the holder of the ration card or by the head of the family, as the case may be, saying that he would like to draw only six days' rations in the week in his ration card with effect from the next rationing week. The officer concerned would forthwith stamp the card or cards with the words "six days" and will intimate the above fact to the concerned distributing centre for issuing six days' ration every week. The Authorised retail distributors would be supplied with a correspondingly lesser quantity of cereals from the Government godowns.

MISCELLANEOUS DEPARTMENT.

OFFICE OF THE COMPILER, *MYSORE GAZETTE.*

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matters intended for publication in Parts I, II, III, IV, V and VI should therefore reach this office not later than *Monday Evening*, and that for Part II not later than *Tuesday Evening* for the following Thursday's issue of the Gazette. All matters received later than these days will be kept by for insertion in the following issue of the Gazette. (G. O. No. P. 988-1040—P. & S. 12-30-2, dated 26th July 1930.)

2. (i) Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its re-setting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect stating the number of copies should be made at foot of such manuscript.

(ii) Indents for less than 100 spare copies should not be sent to the Press, subject to the exceptions contained in G. O. No. G. 14330-95—P. & S. 5-19-9, dated 23rd December 1919, in regard to notices calling for tenders for the purchase of stores or for the execution of works. When a few copies only are required, they may be made available by the use of carbon sheets simultaneously with the preparation of a copy for the Gazette, as laid down in the above Government Order. (Letter No. G. 10382—P. & S. 9-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.)

(iii) When indents for an unusually large number of spare copies are sent, such instances will be brought to the notice of Government, as per letter No. G. 10382—P. & S. 99-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.

Such subscribers will please note that the Gazette cannot be had *in separate parts* at concession rates under any other conditions and that they have to pay the full subscription for the part or parts required.

6. PUBLIC ADVERTISEMENTS

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE, OLD PUBLIC, OFFICES, BANGALORE.

Press Note.

The Controller of Civil Supplies and Chief Cement Rationing Authority in Mysore has notified for the information of the residents of Bangalore City, Civil Station and Mysore City that, due to the larger supplies of cement available for civilian use in these localities and the gradual improvement in the stock position of cement in the State, it is proposed to slightly relax the existing control over cement in these three localities.

Instructions have, therefore, been issued to all the Cement Dealers at Bangalore City, Civil Station and Mysore City to issue cement to a *bona fide* consumer during a month upto one ton, without a permit, as a tentative measure, for a period of two months only.

The consumers in these three localities may, therefore, approach the Cement Dealers within their areas for their cement requirements, for a period of two months only, if their requirements per month do not exceed one ton.

In respect of quantities exceeding one ton, the existing procedure will be continued.

Press Note.

During the last one week certain newspapers have published alleged transfers of some officers belonging to the Deputy Commissioners' cadre and officers in the Industries and Commerce Department. Government wish to make it clear that these transfers have not taken place and that there are no orders or notifications to that effect and that the announcements are wholly unfounded.

Press Note.

Progress Report in respect of work relating to the Agricultural Department for August 1950.

During the fortnight ended 15th August, seasonal conditions continued to be fair and rainfall was reported from all over the State except in Chitaldrug District and some Taluks of Kolar and South Mysore. The paddy crops in heavy rain zone of the Malnad were stated to be in good condition and incidence of disease and pest infestation definitely brought under check. Transplanting of paddy in the channel areas was in progress, and more than 70 per cent of the area under the old channels and nearly 30 per cent of the area under the new channels had been transplanted.

Dry land sowings had been completed on more than 90 per cent of the land and the recent showers in the first and second weeks of August had helped this crop considerably.

During the fortnight ended 31st August 1950, the 'Maghe' rains were full and plenty all over the State and seemed to have come at a most opportune time to save the standing crops and permit the crop cultivation in the Districts of Chitaldrug and parts of Mysore and Kolar where early rains had altogether failed. Reports were received that tanks were filling in Kolar and Tumkur Districts and agricultural operations were in active progress. Paddy crop in general, and, the dry-land crops all over the State, were reported to be progressing satisfactorily.

Apart from a spasmodic attack of cut-worm on ragi and isolated attacks of case-worm on paddy and hopper on jola, crops were fairly free from pests and diseases.

Tapioca cuttings were obtained and supplied to Chikmagalur and Shimoga Districts. Arrangements were being made to obtain some more cuttings. It was hoped to secure seed material for about 140 acres.

The Director of Agriculture toured in the distress taluks of Gundlupet, Chamarajanagar, Yelandur, Heggadadevanakote, Nanjangud, T.-Narsipur and Hunsur and met and addressed the gatherings of raiyats and principal agriculturists and leading men of these taluks. Arrangements were made to rush paddy and ragi seed to replace the earlier crops lost on account of inadequate rainfall.

The Director of Agriculture also addressed cotton growers in Nanjangud and Heggaddevankote where a record area had been sown with long staple cotton and it was noted with gratification that the crop was coming up exceedingly well in these areas and people were anxious to extend their areas in the coming year.

The Agricultural Planning Committee of Madhyapradesh visited the State and discussed the agricultural problems with the Departmental Officers. They visited the Government farms and raiyats' fields where demonstrations were being held.

Problems relating to the Research Schemes sanctioned by the Indian Council of Agricultural Research were discussed with the Assistant Agricultural Commissioner to the Government of India who visited the Government farms at Hessarghatta, Hebbal and Visvesvaraya Canal.

Press Note.

There has recently been some criticism in a local Kannada Daily newspaper, "Pouravani", dated 17th October 1950 alleging that a large number of licenses for new bars have been issued in Bangalore City, contrary to the accepted policy of Government to achieve total Prohibition. This criticism is far from truth as will be apparent from the following facts and figures.

On 24th October 1947, when the present Government took over the Administration, there were 15 bars in Bangalore City and Cantonment. Since then, only six additional licenses were issued, and among these licensees, two were refugees who were in a helpless condition and who were given the licenses just to enable them to earn a living. Out of the bars for which licenses were issued one has not been yet opened. Actually, only five new bars have been opened in Bangalore City and Cantonment during the last three years.

Hence the statement that the number of bars has increased by 150 to 200 per cent is entirely untrue. It is equally untrue to say that new licenses have been issued in 20 to 30 cases. It is very much regretted that such baseless and misleading statements are made in the Press without making any *attempt to know or verify the facts.*

Press Note.

It was reported in a section of the Press that Shimoga has not been included in the zones selected for intensive cultivation in connection with the scheme of grants from the Centre to the State's Food Plan. This is not correct. The Government have selected Shimoga, Mysore and Mandya Districts for drawing up intensive cultivation schemes and these schemes will be placed before the Central Government in due course.

The tenderers should quote their best billing prices, which should be firm for a period of one month from the due date of the tender. The rate should be quoted both in figures and words. The earliest period within which delivery would be effected may be specified in the tender.

No enhancement of rates for whatever causes will be allowed when once the quotation is accepted and order is placed. The successful tenderer should, if so required by us, deposit a sum equal to 5 per cent of the value of the order as earnest money for the satisfactory execution of the order in accordance with the terms and period of delivery specified in the order.

The Chief Electrical Engineer does not bind himself to accept the lowest or any tender, but reserves to himself the right to accept or reject any tender at his discretion.

Supply on our order will be subject to the general conditions of contract prevailing in the department for local purchases.

The tenders should be superscribed as "Tender for supply of Turpentine etc.," to be opened on 4th December 1950.

PUBLIC ADVERTISEMENTS

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE, OLD PUBLIC OFFICES, BANGALORE.

Press Note.

The Hon'ble the Minister for Labour, Sri K. T. Bhashyam Iyengar, held a meeting in his chambers this morning to explore the possibilities of resolving certain points of dispute between the Labour Association of the Mysore Iron and Steel Works at Bhadravati, and the Management thereof, regarding the implementation of an Award passed by a Court of Arbitration in December 1947. The Vice-Chairman of the Works, the President, the Secretary and some other members of the Managing Committee of the Labour Association were present. At the end of the discussions, it was thought best to refer the issues to the Industrial Tribunal for adjudication, but that this could not be done before the Labour Association had withdrawn the law suit it has instituted against the Management. The representatives of the Association promised to place this matter before the General Body and report the result to Government.

Subject.—Work of the Department of Co-operation for the months of September and October 1950.

During the period under review, a Co-operative Farming Society for the benefit of the landless Harijan families in the Halaganahalli Date Grove in Goribidnur Taluk was registered in pursuance of Government Order dated 1st March 1950, sanctioning the introduction of Co-operative Farming in the State. Government have directed that out of Rs. 25,000 sanctioned to each of the four Co-operative Farming units, a sum of Rs. 16,500 be treated as a loan free of interest, repayable in five annual instalments and the balance of Rs. 8,500 being treated as an outright grant to be drawn by the Co-operative Farming Societies as and when funds are required by them. Action has accordingly been taken in this regard. Steady progress is noticeable in regard to the ploughing and cropping operations in respect of the Co-operative Farming Societies. So far, an extent of 1,586 acres of land has been ploughed while an extent of 1,398 acres of land has been sown with crops like ragi, jola, navane, chillies, gram, paddy, pulses, groundnuts and cotton and the condition of the crop is stated to be satisfactory.

Proposals are before Government for orders regarding the appointment of the first Board of Directors of the Mysore Provincial Cotton Handloom Weavers' Co-operative Society, with the Controller of Civil Supplies in Mysore, Bangalore, as President and other officers and non-official gentlemen interested in the advancement of the Cotton Handloom Weaving Industry. Government have sanctioned the proposals for implementing the scheme and have sanctioned the appointment of a special staff at a cost of Rs. 5½ lakhs for a period of 3 years in the first instance. The staff and other establishment now under the Department of Industries and Commerce have been transferred to the control of the Provincial Co-operative Society. The Society, has so far enrolled 39 primary weavers' co-operative societies and 15 individuals as members who have subscribed a share capital of Rs. 10,233.

With a view to concert measures for the development of house building in the State, the Mysore Provincial Co-operative House Building Corporation was registered on 18th August 1950. The first Board of Management of the Corporation was appointed for a period of 3 years consisting of 15 prominent co-operators and representatives of the leading housing co-operative societies at the rate of one from each District, with *Rajadharmaprasakta* Sri A. R. Nageswara Iyer, B.A., LL.B., retired Judge, High Court of Mysore, as President of the Corporation. Share capital up to a sum of Rs. 10,000 has already been collected. A drive for the collection of funds by way of share subscriptions and deposits from co-operative institutions and individuals has already been launched and it is hoped that before long, the Corporation would take up the housing activities.

The Mysore Provincial Silk Handloom Co-operative Society registered at Bangalore has shown a substantial progress within the short period of its existence. It has so far enrolled 564 members who have subscribed a share capital of Rs. 26,350. The total working capital of the society exceeds Rs. 75,000. The society has during the period under review, distributed imported silk to an extent of Rs. 1,05,850.

With a view to arrange for the equitable distribution of silk among various power-looms, the Mysore State Power-loom Silk Manufacturers' Co-operative Society was registered on 19th September 1950.

The Multi-purpose Co-operative Societies have been making steady progress in the rural parts. Their membership exceeds 1,65,010 and the paid-up share capital amounts to Rs. 27,07,338. Their working capital aggregates Rs. 31,4[illegible],423.

During the last Dasara Exhibition held at Mysore from 12th October 1950 to 27th October 1950, special arrangements were made for displaying the products of all the important Industrial and Marketing Co-operative Societies in the State. The Co-operative stalls organised under the joint auspices of the Departments of Co-operation and Rural Development attracted a large number of visitors including the Hon'ble Sri C. Rajagopalachari. Substantial sales of the products of Co-operative Societies were also effected at the Exhibition. The Rural Development and the Co-operative Wing of the Exhibition was a feature this time.

Government have sanctioned the proposals of the Registrar for the appointment of Sri B. T. Peethambara Rao, M.A., Senior Assistant Registrar of Co-operative Societies as Special Officer for the purpose of conducting training classes for the benefit of the Inspectors of Co-operative Societies and the candidates from the approved list for a period of two months.

With a view to arrange for the prompt and effective audit of accounts of the Multi-purpose Co-operative Societies, Government have sanctioned the appointment of a Special Audit Staff consisting of one Chief Auditor in grade Rs. 200—15—350 and 18 Audit-Inspectors in grade 60—5—90—6—120—10—200 with 19 peons attached to them at a cost of Rs. 54,038. PROGRESS REPORT IN RESPECT OF THE WORK RELATING TO THE AGRICULTURAL DEPARTMENT FOR THE FORTNIGHT ENDING 15TH OCTOBER 1950.

Fairly even and widespread rain all over the State improved the crop prospects considerably. Ragi crop especially in most parts of the State, seems to have been greatly benefitted by the rains and the standard of the crop is understood to be good

Tanks in Bangalore, Kolar and Tumkur are reported to be filling and in some instances discharging.

Due to the failure of early Mungar Jowar, an alarming infestation of Webbing Caterpillar on Ragi was noticed in small but widely spread patches in the Mungar Ragi zones of Mysore, T.-Narasipur, Gundlupet, Chamarajanagar, Heggaddevankote, Hunsur, Krishnarajanagar, Arkalgud, Holalkere and Channapatna taluks, and immediate action was taken to dust the fields with Gammexane and related chemicals and the infestation in stacks was attended to by dusting with Gammexane and fuming with "Killptera" wherever possible. The remedy was effective and fortunately the spread and the virulence of the incidents were both controlled.

Reports of cut worm on Ragi in Gundlupet were found to be exaggerated and there was no cause for alarm and action was taken to put into operation control measures by both dusting standing crops and removal of dead plants. However, an area of about 300 acres was thus treated.

It was estimated that nearly 22,000 acres had been sown to long staple cotton against 11,690 acres of this during previous year. Apart from the pure crop, it was estimated that about 7,000 acres were sown as mixed crop in ragi, groundnut and small millets. Equally interesting is the increased acreage that has come under medium staple cotton. Nearly 68,000 acres are reported to have been sown to Selection 69 Jayawant, Hagari and other varieties in black soil tracts against 55,000 acres of the previous year. It should be added that the standard crop of Dodda Hathi is reported to be far above the average, thanks to favourable seasonal conditions and this should yield the targetted extra of 10,000 bales without much effort. The medium staple cotton has established itself and is making good progress. The target fixed for Mysore State both for long staple and medium staple cottons are likely to be exceeded.

The Department arranged to take part in the Dasara Exhibition at Mysore and has particularly been emphasising the importance of subsidiary food crops like tapioca, potato, sweet potato and banana in the diet economy of the average Mysorean. The Honourable Ministers for Finance and Home visited and inspected the site selected for the gin house for the Cotton Marketing Co-operative Society at Arsikere and were pleased to express their pleasure at the progress of the Society.

Parts of the gins have been received at Arsikere and an M. B. Shed will be moved from Bangalore and erected on the new site to serve as godown to the Society.

The Honourable Ministers were particularly pleased about the work at the Kasturba Centre especially about the Ragi and Castor (Hyderabad). They were specially interested in the quick multiplication of the Castor seed (Hyderabad) and its distribution to ryots.

PUBLIC ADVERTISEMENTS

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE, OLD PUBLIC OFFICES, BANGALORE.

Press Note.

There is a misapprehension in the minds of the public that jaggery movement within the State is prohibited, which is not correct. The position is that, unless the Deputy Commissioner otherwise directs, jaggery may be moved from the place to place freely for open sale subject to the over-riding condition that sales should be within the ceiling price. The Deputy Commissioners are also instructed to cause the purchase of whatever good stocks are available for sale locally through Co-operative Societies.

The United Nations General Assembly approved on the 10th day of December 1948, in Paris, the International Declaration of Human Rights. The third Session of the General Conference of **Unesco** resolved that steps should be taken to stimulate the dissemination of information about this Declaration. In order to imprint upon the imagination and hearts of young people the principles of this Declaration, the Director-General of **Unesco** has suggested that the day when this Declaration was first proclaimed—10th day of December, may be utilised for publishing the Rights given therein.

The Second Anniversary of the adoption of the Declaration falls on 10th December 1950. The Member States of the U.N.O. are expected to show their adherence to Article 56 of the Charter by using every means within their power solemnly to publicize the text of the Declaration and to cause it to be disseminated, displayed, read and expounded principally in schools and other educational institutions. The U.N.O. also desires to set aside 10th December 1950 as Human Rights Day, to be marked by solemn celebration in the Schools and Colleges and by appropriate public ceremonies recalling that "recognition of the inherent dignity and of the equal and in-alienable right of all members of the human family is the foundation of freedom, justice and peace in the world."

Simultaneously with the publication of the rolls, a notice will also be published inviting claims and objections. A regular mahzar of the fact of publication will be held in each village and the publication announced by beat of *tom-tom*. The public will also be informed by the same means that claims and objections may be lodged within the prescribed period with the authorities concerned.

The address and house number given in the second entry of each roll relates to the Census House number, and persons who claim to be included in the rolls will have to furnish clear particulars of the census house number and name of the street, etc., in the application.

A person is qualified for inclusion in the electoral rolls if he or she—

(1) is a citizen of India,

(2) is not of unsound mind and does not stand so declared by a competent court;

(3) was not less than 21 years of age on the 1st March 1950 and was ordinarily resident in the local area where enrolment is desired for not less than 180 days from the period beginning on 1st April 1947 and ending with 31st December 1949.

The electoral rolls are now being published for purposes of inviting claims from qualified persons who have not been included in the rolls and for objections to the inclusion of any person's name in the rolls or to any particular entry in the rolls.

Claims and objections should be made in the printed form that is available free of charge with the Electoral Registration Officers and Amildars. The form for claims is Form VI and that for objections is Form VIII.

The claims and objections should be addressed to the concerned Revising Authority and may be presented to him or to the Electoral Registration Officers, or to the Amildars, or sent by post to the Revising Authority. Judicial Officers, namely, Munsiffs and Magistrates have been appointed as Revising Authorities for each Electoral Unit or part of an Electoral Unit.

A claim should be signed either by the person desiring his name to be included in the roll or an agent authorised in writing by such person; and it should be presented in person, either by such person or such agent, unless it is sent by post.

Claims and objections, should reach the officers specified above within 21 days after the date of publication of the preliminary electoral rolls in the Office of the Electoral Registration Officer. If the last date falls on a Sunday or other holiday, the next working day will be the last day for filing claims and objections. This date and particulars of the Revising Authority and other officers to whom the claim or objection may be presented will be specified in the notice that will be published along with the rolls. Claims and objections received after the date specified will be rejected.

An objector should himself be a voter in the Electoral Registration Area.

A person desiring transfer of his name from the electoral rolls of one local unit to another should prefer an objection (in Form VIII) to the inclusion of his name in the former rolls and a separate claim (in Form VI) for the registration of his name in the latter rolls. He should also state precisely and fully in the declaration in the claim form (Form VI) that he has applied for deletion from the former rolls, and in the objection form (Form VIII) that he is applying for deletion as he has preferred a claim for inclusion in the latter rolls.

A person desiring correction of any entry in the rolls relating either to himself or to any other person should apply in the same form as for objections (Form VIII).

A separate objection form should be filed in respect of each person objected against.

Under the rules, the Electoral Registration Officer can apply to the Revising Authority for the making of any corrections in the electoral roll which he considers necessary for the preparation of a complete and accurate roll. Therefore, in cases of obvious printing and clerical mistakes noticed in the rolls such as wrong information about fathers' or husbands' names, address, spelling mistakes, etc., it is sufficient if they are brought to the notice of the Electoral Registration Officer by a letter, and it is not necessary to prefer an objection in the printed form. The Electoral Registration Officer will also apply to the Revising Authority for the removal of the names of deceased voters and disqualified persons.

If there are any large scale omissions of names of voters from the electoral rolls, the Electoral Registration Officer will himself make an application to the Revising Authority concerned for the inclusion of such names.

Persons making claims and objections should fill up all the blanks in the forms including the notice counter part of the forms as far as it is possible for them.

Copies of the electoral roll are available for sale in the Offices of the Electoral Registration Officers at three pies per page or part thereof.
